CHAPTER I

INTRODUCTION

A. Background of the Problem

Affixation's teaching relate with education teaching because, that is learning from morphology of studies at linguistics area that exist at English language program. Affixation's learning one of supporter in result English language education that has four skills in area English; reading, writing, listening and speaking and result of educator become guide, translator etc which relate in English.

Affixation is a process which most general in linguistic. Besides, Affixation is study branch of morphology studying about root form, change of word, and impact of change of meaning. Affixation can make different word or meaning from addition of word. Affixation is very important in linguistic, education of Language and in writing. Affixation can use to addition of word or change of word and meaning.

In linguistic is study about affixation because one of the linguistic study about morphology, it is including about affixation. Importance of affixation in linguistic are knowing locations of additions of word, concentrating on meaning study, and showing process affixation. Affixation very important each usage word and put word according to its place in linguistic. The important of affixation in linguistic is revealed in the following illustration.

First, a basic word becomes affixation that will know locations for addition of word. The word addition in basic word put in beginning or ending, which often call with suffix in addition of word in beginning and prefix in addition of word in ending. Knowing locations for additions of word are using two, three or more addition of word. So, to use affixation have to know locations of addition of word.

Second, concentrating on meaning study is one of importance of affixation in linguistic. Affixation also used to get meaning. A word adds with other word will get different meaning from basic word. Besides, many additions word in affixation. So that, assorted of additions of word will get many words meaning.

Finally, the important of showing process affixation is expectation of using additions will not happened mistake in location of addition of word. Process affixation is happening of as according to additions of existing word. Affixation is happen the change when addition basic word with word in beginning or ending word. So, process of affixation is combining of word in beginning or ending word.

Affixation also study in the education of language. Affixation important to use language can know about affixation, know about word formed which related to addition of word, and can use affixation in conversation and writing. So, affixation is very important in education of language.

The following illustration will present some significance of affixation in the case of education of language. First, in case of education of language,

affixation is very important to be known, because affixation very effect to word and form different words of basic word. Affixation has many additions coming from and also suffix or affix to be coupled with other word. One of importance in education of language is affixation.

Second, important to know form of word from addition of word is not wrong in combine of word and know to came addition of word in affixation. Form of word can be seen from beginning and ending word until that new word. So, affixation is studying knowledge addition in a word.

Third, affixation is very important used in conversation and writing. In conversation sure used words to form sentence and can speaking. The word used affixation, it very used as according to wanted word in writing. So, affixation is needed in writing and conversation.

In writing, affixation is very important, because each every word which used in writing of course there will be use affixation as in newspaper, magazine, article etc. There are two importance of affixation in writing. First, extending meaning in writing also need to get meaning which all kinds of because, to get different meaning of used basic word to use addition of word. The Important affixation used to get meaning in writing. Words can be extended meaning with additions in suffix or affix. Extend of meaning can use additions of word that is affixation. Second, affixation will add vocabulary in one basic word by joining words from suffix or affix. Adding vocabulary assorted addition of existing word. In writing by using affixation surely get many words.

So, affixation is very important in linguistic, in science education of language and also in writing, because affixation used in make word wanted when in conversation and also in writing, which as base know sentence structure.

The data were collected from reading and analyzing affixation in articles sport, and then had been analyzed by using library study. The researcher did data collecting technique which suggested by Syukur Kholil as follows:¹⁶

1. Reading, in this case the researcher read all sport articles, start from early to the last, so that the researcher can comprehend and easier in analyze sport articles.
2. Noting, in this case after read by the researcher, all data related to purposes of research noted to facilitate in analyze data.
3. Grouping, data have been read and noted, and then grouped to be easier to in analyze and getting its result.

5. Techniques of Checking Trustworthiness of Data

Trustworthiness in qualitative research is very important because checking to the trustworthiness of the data is used to contradicted the assumption of qualitative research is not scientific. To reduce the bias of the data, and to improve the validity of the data collected, Gay suggested several strategies as follows:

¹⁶Syukur Kholil, *Op. Cit.*, p.127.

1. Extend the study by staying in the field for a longer period to obtain additional data that can be compared to the earlier data or to compare participant's consistency of responses.
2. Include additional participants to broaden the representativeness of the study and thus the database.
3. Make a concerted effort to obtain participant trust and comfort, thus providing more detailed, honest information from participants
4. Try to recognize one's own biases and preferences and be honest with oneself in seeking them out.
5. Work with another researcher and independently gather and compare data collected from subgroups of the participants.
6. Allow participants to review and critique field notes or tape recordings for accuracy and meaning, but only at the end of the entire data collection period.
7. Use verbatim accounts of observation or interviews by collecting and recording data with tape recordings or detailed field notes
8. Record in a journal one's own reflection, concerns, during the study and refer to them when examining the data collected.
9. Examine unusual results for explanation.
10. Triangulate by using different data sources to confirm one another, as when interview, and recollections of other participants produce the same description of an event, or when a participant responds similarly to a personal question asked on three different occasions.¹⁷

Lexy J. Moleong checks the trustworthiness of the data suggested several strategies as follows:

1. Participations prolongation
2. Observing persistence
3. Triangulated
4. checking with friends by discussion

¹⁷L.R. Gay & Peter Airasian, *Op. Cit.*, p. 225.

5. analysis negative case
6. Reference sufficiency
7. Member checking
8. Description detail
9. Auditing.¹⁸

From strategies above, the researcher just take checking with friend by discussing. The researcher works with friend to compare data to check the trustworthiness of the data.

6. The Technique of Data Analysis

Sumadi Suryabrata said that for descriptive data to be utilized analysis non statistic that is content analysis. According to Lexy J. Moleong, data analysis is process to managing data, organizing it in order a pattern, category and unit breakdown of basic, so in the end gathered of data.¹⁹

Miles and Huberman in Noeng Muhadjir steps of data analysis as: summering of data, coding, making objective note, and Making reflective note.²⁰

The researcher took summering data analysis such as:

1. Reading sport articles of the Jakarta Post newspaper.
2. Analysis affixation in sport articles of the Jakarta Post newspaper.

3. Coding.
4. Taking conclusions from overall of result.
5. Writing result of research completely and intact.

CHAPTER II

TEORETICAL DESCRIPTION

A. The Description Theory of Affixation

1. The Definition of Affixation

Affixation is one process which most commonly in language. Affixation happened if a bound morpheme to be put down to a free morpheme. A free morpheme can change of function, form word class or meaning with existence of addition of word. Robert Sibarani states, affixation is the bound morphemes which are added to a word which change the meaning / category or the grammatical function of the word.¹ Affixations are type of bound morpheme. Affixation are limited in number in a language and generally classified into two types, depending on their position with reference to the root or stem of the word are suffixes and prefixes.

According Verhaar “affiksasi adalah penambahan dengan affix”.² It means that, affixation is adding with affix. According Abdul Chaer that “affiksasi adalah proses pembubuhan afiks pada sebuah dasar atau bentuk dasar”.³ It means that, affixation is process placing of affixes at a base or basic word. Habib syukri said, affixation is a morpheme which only occurs when

¹Sibarani, Robert, *An Introduction to Morphology*, (Medan: PODA, 2006), p. 30.

²Verhaar, *Pengantar Linguistik*, (Jogjakarta: Gadjadara University Press, 1983), p. 60.

³Abdul Chaer, *Linguistik Umum*, (Jakarta: Rineka Cipta, 2007), p. 177.

attached to some other morpheme or morphemes such as a root or stem or base.⁴

Based on the explanation above, it can be concluded that affixation is the process of adding words at the beginning and ending of which change the meaning and the grammatical function of a root or stem or basic word.

a. Derivational and Inflectional Morphemes

In morpheme study about free and bound morpheme, in bound morpheme include derivational and inflectional morpheme. According Robert Sibarani derivational is a bound morpheme creating new words by changing either the meaning or the part of speech or both.⁵ Inflectional is a general grammatical process which combines words and affixes to produce alternative grammatical forms of words.⁶

b. Kinds of affixation

There are two kinds of affixation in English that is prefix and suffix.

1. Prefix

Prefix is a letter or group of letters added at the beginning of word. According Nirmala Sari prefix is added to the beginning of free morphemes or other prefixes.⁷ While Robert Sibarani states prefix is

⁴Habib Syukri, *Introduction to Morphology*, (Medan: English Dep. of FKIP UMSU, 2005), p. 21.

⁵Sibarani, Robert, *Op. Cit.*, p. 43.

⁶Howard Jackson & Etienne Ze Amvela, *Words, Meaning and Vocabulary*, (London: Cassell, 2000), p.70.

⁷Nirmala Sari, *An Introduction to Linguistics*, (Jakarta: Departemen Pendidikan dan Kebudayaan, 1988), p. 96.

the affixes which are added to the beginning of word.⁸ So, prefix is a letter or group of letters added to beginning of word to change the meaning and form of word.

The prefixes are mention: A-, ab-, ad-, ante-, ambi-, ante-, anti-, arch, bi-, circum-, co-, con-, contra-, de, demi-, dis-, en-, equi-, ex-, extra-, hexa-, hom-, hyper-, in-, il, im, ir-, inter-, intra-, mis-, mono-, meta-, non-, ob-, omni-, over-, pan-, post-, pre-, pro-, pseudo-, re-, semi-, sub-, super-, sym-, trans-, tri-, to-, ultra-, un-, under-, and uni-.⁹

The formula of prefix such as:

Type of prefix + base form

1. Prefix + Noun = Verb

Example: en + Title = entitle

2. Prefix + noun = noun

Example: anti + malaria = anti-malaria

3. Prefix + verb = verb

Example: dis + agree = disagree

4. Prefix + adjective = adjective

Example: im + possible = impossible

⁸Sibarani, Robert, *Op. Cit.*, p. 30.

⁹Jayanthi Dakshina Murthy, *Contemporary English Grammar*, (New Delhi: Book Palace, 2003), p. 347.

5. Prefix + adjective = verb

Example: en + able = enable

2. Suffix

According the Oxford's dictionary define suffix is a letter, sound or syllable added at the end of a word to make another word.¹⁰

According Abdul Chaer sufiks is afiks yang diimbuhkan pada posisi akhir bentuk dasar. It means that suffix is affix which in affixation on course basic form.¹¹ While Nirmala Sari said suffix is added to the end of free morpheme or other suffixes.¹² So, suffix is a letter or group of letters added to ending of word on basic word to change the meaning and form of word.

The suffixes are able, -age, -al, -an, -ance, -ant, -ary, -ful, -ation, -cide, -cy, -dom, -ed, -ee,, -eer, -en, -er, -ery, -es/-s, -ese, -ess, -est, -ette, -fic, -fy, -hood, -ial, -ian, -ical, -ing, -ion, -ism, -ist, -ity, -ive, -ize, -less, -let, -ling, -ly, -ment, -ness, -ous, -ship, -ster, -t, -th, -ty, -ule, -ure, and -y.¹³

The formula of suffix such as:

Base form + type of suffix

¹¹Abdul Chaer, *Op. Cit.*, p. 178.

¹²Nirmala Sari, *Loc. Cit.*

¹³Sibarani Robert, *Op. Cit.*, p. 36.

1. Verb + Suffix = Noun

Example: Disturb + ance = Disturbance

2. Noun + Suffix = Verb

Example: Fright + en = fright

3. Adjective + Suffix = Verb

Example: Soft + en = soften

4. Noun + suffix = Adjective

Example: Gold + en = golden

5. Adjective + suffix = Adverb

Example: Slow + ly = slowly

6. Noun + Suffix = Noun

Example: Child + hood = childhood

7. Verb + Suffix = Verb

Example: Follow + ing = following

8. Adjective + Suffix = Adjective

Example: Kind + ly = kindly

3. Word Functions of Affixation

The functions of affixes such as:

1. A- = not

2. Ab- = away from

3. Ad- = to

4. Ante- = before

5. Ambi- = on both sides
6. Anti- = against
7. Arch = first, head
8. Bi- = two
9. Circum- = around
10. Co- = with
11. Con- = with
12. Contra- = against
13. De- = opposite of
14. Demi- = half
15. Dis- = not
16. En- = in, on
17. Equi- = equal
18. Ex- = out of
19. Extra- = very
20. Hexa- = six
21. Hom- = the same
22. Hyper- = over
23. In- = not
24. Il- = not
25. Im- = not
26. ir- = not

- 27. Inter- = between
- 28. Intra- = inside
- 29. Mis- = wrong
- 30. Mono- = one, alone
- 31. Meta- = met
- 32. Non- = not
- 33. Ob- = against
- 34. Omni- = all
- 35. Over- = above
- 36. pan- = call
- 37. post- = after
- 38. Pre- = before
- 39. Pro- = supporting
- 40. Pseudo- = false
- 41. Re- = again
- 42. Semi- = half
- 43. Sub- = secondary
- 44. Super- = above, over
- 45. Sym- = with
- 46. Trans- = across
- 47. Tri- = three
- 48. To- = this

B. Review of Related Findings

This research is not as beginner related to the title but there are some researchers had been researched before relevant to this title, they were:

First, the research was done by the student of English Education Department in UNIMED. The researcher's name is Fithri Elfina with the title "An Analysis of Morphemes in Sport Article of The Jakarta Post".¹⁹ In this case she

¹⁹Fithri Elfina, An Analysis of Morphemens in Sport Article of the Jakarta Post, (*unpublished thesis*), (Medan: UNIMED pres, 2006).

concluded that there is morpheme in sport article. There are free and bound morphemes, affixation, derivational and inflectional, and allomorphs.

Second, the research was done by the student English Education Department in UNIMED. The researcher's name Wardah Jamilan with the title "The Similarities and Differences of Affixes between Acehnese Language and English Language".²⁰ She found similarities and differences of affixes between Acehnese Language and English Language.

Third, the research was done by student English Education Department in North Sumatra University. The researcher's name Hanim Masniari Lubis with the title "An Analysis of Affixation in the Novel "Robinson Crusoe" By Daniel Defoe".²¹ In his research, he can show most dominant affix and the number of prefixes and suffixes in the novel *Robinson Crusoe*.

From review of related findings above, they analyzed about morphology that are free and bound morphemes, affixation, prefixes and suffixes, derivational, and inflection, and allomorphs. They searched in Sport Article of the Jakarta Post and novel *Robinson Crusoe*. The researcher did not find the same research that is analysis affixation in sport articles of the Jakarta Post. So, the researcher did analysis about morphology especially in sport articles of Sport Article of the Jakarta Post newspaper.

CHAPTER III

DATA ANALYSIS

A. The Data

It has been stated in the previous chapter that the data which were used are from sport articles in the Jakarta Post newspaper at 330th edition Wednesday April 4, 2012. Three articles of sport articles in the Jakarta Post newspaper were obtained to be analyzed, they are: *Kiryat Shmona brings hope to Israel outpost*, *Inter Milan still suffering a Mourinho hangover*, and *Valencia helps United go five points clear with win*.

B. Description of the Data

Having collecting the data taken from sport articles in the Jakarta Post newspaper, the data would be analyzed by the following steps: firstly, to find affixation, to describe process affixation, and to find words functions give affixation in sport articles of the Jakarta Post newspaper at 330th editions Wednesday April 4, 2012. Second, counting the total of each affixation and to find out the most dominant affixation.

1. Affixation in sport articles in the Jakarta Post newspaper at 330th editions Wednesday April 4, 2012

There were sport article that exists in the Jakarta Post newspaper at 330th editions Wednesday April 4, 2012 loads three sporting articles which is:

a. Kiryat Shmona brings hope to Israel outpost

There are affixations in this sport article such as:
